

ROTARY CRANE

**NOW AVAILABLE ON MANY
CRANE STYLES FROM
SMART INDUSTRIES**

The Rotary Crane is perfect for jewelry, cameras, or any other valuable prizes. Smart's rotating playfield adds an extra challenge for players and can be a great money-maker for operators. We know this because Smart Industries originally introduced a similar idea with our popular Moving Castle crane.

Now, for locations where space is tight, you can have this rotating playfield factory-installed on most Smart cranes or as a kit to make your old crane earn like a new crane! Call Smart Today!

**Pirates Chest
with Rotary
Playfield Kit**
